Disposition of [REDACTED] Equipment

25X1A

25X1A

1. The [REDACTED] contract with [REDACTED] has expired. Some equipment which [REDACTED] had ordered in order to perform tests pertaining to operational equipment against height finders, etc. had not arrived. Whether or not these items become our property under the contract I do not know. The equipment is now installed in a GFE trailer at [REDACTED]

25X1A

2. Will you please let me have your recommendation by 25 July in the following areas: a) your proposed disposition of the equipment; b) any proposed programs in which the equipment might be used; c) in connection with such programs please estimate the costs, schedules and support assistance which would be required in connection with the program.
